

Kennedy Electric, Inc. was incorporated in the State of Texas on October 17, 1979, and we converted operations to a new entity, KE Industrial LLC, on January 1, 2015 while retaining the same ownership. The company was established to provide quality electrical service and support for business and industry. Since its formation forty-three years ago, we have retained many of our original customers, as well as having experienced continued growth in our customer base.

In order to meet the advancing needs of our customers, we have endeavored to keep pace with the ever-changing technology in the electrical industry. As a result, the company's field of experience and expertise has widened to include a broad spectrum of capabilities. Our primary service areas are listed below:

- New Service Installation
- Manufacturing & Conveyor Systems
- Electrical Controls & Automation
- Lighting Design and Installation
- Fire Alarm Systems
- Temporary Power Installation
- Auxiliary and Generator Power Installation
- Uninterruptible Power Supply
- Communications and Data Systems
- Fiber Optics Installation
- Thermal Imaging Scans (Infrared)

We are proud of our forty-two-year history and the company's excellent financial condition. We are bondable for work up to \$7M by Ohio Casualty Insurance Company, represented in the Dallas-Fort Worth Metroplex by Ray Watson of Mullis Newby Hurst, LP Insurance Agency. We also carry commercial insurance up to \$5M. Our primary financial institution is American National Bank of Texas. Additional information, credit

references, customer references, and detailed project experience are available upon request. Much of our company's success is due to the professional ability and diverse experience of its key office and field personnel:

Rick Kennedy, Managing Member

55 years of experience in all aspects of electrical construction, including project management, estimating, and office management. Master electrician licenses in Texas and Arizona.

Roger Oakes, Estimator/Project Manager

27 years of experience as electrician, 10 years experience in project management and estimating.

Ernest Dominguez, Jr., Estimator/Project Manager

16 years of experience in electrical construction and heavy equipment repair. Master electrician license in Texas.

Matt Kennedy, Financial Controller

15 years of experience in accounting and financial reporting.

Our key field personnel have many years of experience in the electrical industry as electricians, superintendents, project managers, and cable splicers. Many of them are requested by name by our customers that are familiar with their work skills and abilities.

We maintain a continuing employee Safety Program, Hazcom Program, Drug-Free Program, and Quality Control Program. Our excellent employee accident history reflects the attention we give to these important programs.

We are glad you are interested in our company and our services. You can learn more at www.keindustrial.com.

THANK YOU FOR READING AND WE LOOK FORWARD TO WORKING WITH YOU!!!
